OPTIONS

PREMIER SERVICES FOR PEOPLE WITH DISABILITIES

OPTIONS is a local 501(c)3, non-profit agency established in 1973, by parents looking for community based services for their children with disabilities. Although we were founded in 1973, we evolve by responding to the current needs of the people we serve in our community. We have a variety of opportunities at OPTIONS to best serve the individual needs of each person with a disability.
